## #1 SINGLE ACROSS AUSTRALIA

### SHAPE OF YOU

Ed Sheeran | WMA

Ed Sheeran's *Shape Of You* is dominant for another week on the Artist Top 50 while The Chainsmokers & Coldplay's *Something Just Like This* doesn't budge from #2. Away from the expected Sheeran/Chainsmokers/Coldplay shootout at the top of the chart, Jon Bellion makes serious gains with *All Time Low* at #5.

A new peak for the track, and for Bellion on the chart, it's making the most of what has shaped up to be a slow burner of a promotion cycle. Released late last year, the track only started to get traction in recent months. Since then it's made its way across all of commercial radio with a healthy amount of spins on all fronts. Its performance on digital should be taken into account here too – the Australian Spotify Chart shows Bellion cracking #13 from #21 and trending upwards, also taking #13 on the iTunes chart up from #14.

## #1 MOST ADDED TO RADIO

### SYMPHONY

Clean Bandit ft. Zara Larsson | WMA

Following the runaway success of *Rather Be* ft. Sean Paul & Anne Marie (#1 on Hot 100 and ARIA Singles) Clean Bandit's new *Symphony* ft. Zara Larsson takes Most Added and is poised to mirror *Rather Be*'s success. Added to 76 stations last week, its biggest supporters were the Nova Network, regional and metro Hit stations as well as the *Ash London Live* show.

After hype built up for Drake's new 'playlist', the Toronto rapper dropped his new album *More Life*. Released over the weekend, commercial radio was quick to get behind track *Passionfruit* in particular, coming in at #2. AJR's *Weak*, spotlighted in last week's Singles Report, also saw a successful service to

## #1 NEW SINGLE RELEASE

### STILL GOT TIME

ZAYN ft. PartyNextDoor | SME

Almost a year after the release of his critically acclaimed, record-breaking album, ZAYN's new hit *Still Got Time* signals the beginning of solo album cycle #2 for the ex-One Direction star even as his Taylor Swift duet *I Don't Wanna Live Forever* is still all over the airwaves. A subdued treat to listen to, *Still Got Time* will likely blow all the other competition out of the water.

*Pillowtalk*, the first single off ZAYN's previous album *Mind Of Mine*, quickly soared to #1 on the ARIA charts, reaching 4x Platinum in the country. It debuted at #1 in 68 countries, as well as becoming the fastest track by a debut artist to reach #1 worldwide on Spotify.

Amy Shark hits commercial with *Weekends* this week, no doubt hoping to recreate the success of her country-wide hit *Adore*. Iggy Azalea's long awaited return to commercial radio takes places too, with *Mo Bounce* likely to do well on urban and select commercial stations.

## RADIO WRAP

In the past seven weeks, six Hot 100 #1s have been from Ed Sheeran, with Katy Perry's *Chained To The Rhythm* ft. Skip Marley breaking up his streak halfway. This week, The Chainsmokers & Coldplay's collaboration *Something Just Like This* bumps Sheeran from #1 once again while also topping the Nova Spins chart.

The last 12 months have seen The Chainsmokers release a string of singles that propelled them to the forefront of commercial EDM. *Don't Let Me Down* ft. Daya peaked at #4 on the Hot 100, the all-conquering *Closer* ft. Halsey peaked at #1 (their first ever), *All We Know* at #10 and *Paris* reached as high as #3.

With four current entries in the Hot 100, two of which in the Top 10, The Chainsmokers have fast established themselves as a force to be reckoned with.

## NEW SINGLE SPOTLIGHT

### TAKE ON THE WORLD

You Me At Six | MUSHROOM

You Me At Six have announced the newest single take from their critically acclaimed 5th studio album *Night People* will be *Take On The World*.

Already a fan favourite, *Take On The World* reached new heights when it was used in the final scene for the finale of *The Vampire Diaries*. Immediately following the episode, *Take On The World* jumped to #2 on the iTunes Rock chart. Working with former Snow Patrol member Iain Archer, who co-wrote the song, the band went into the session with no expectations or preconceptions, but left with a song that demanded to be recorded.

## “ ONES TO WATCH

Taking two #1's on the Trending & Predictive Charts is Stargate's *Waterfall* ft. Pink & Sia. The debut single from the Norwegian duo, it took Most Added two weeks ago and now sits at #8 on the TMN Hot 100. In case you couldn't guess, this isn't their first foray into commercial pop.

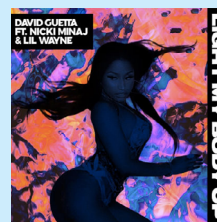

The group first tasted success on S Club 7's *S Club Party*, on which they contributed to both songwriting and production. Since then they've had a hand in an impressive list of chart-topping hits, including tracks with Beyoncé, Jay Sean, Ne-Yo, Rihanna, Chris Brown, Katy Perry & Major Lazer.

It seems that recent work with Major Lazer came into play on *Waterfall*, with producer Diplo earning a writing credit on the track alongside Sia and Jr. Blender.

On top of all this, Stargate have four Grammys winners on their CV. One for Best Dance Recording on Rihanna's *Only Girl In The World*, another for Best Male R&B Vocal Performance and Best R&B Song for Ne-Yo's *Miss Independent*. Beyoncé's *Irreplaceable* and *Beautiful Liar* (which saw her team up with Shakira), both produced by Stargate, also earned them Grammys.

With all this firepower behind them it's no surprise that *Waterfall* has taken off the way it has. The question is whether or not Stargate will continue to try their hand as recording artists or stick with production and songwriting. It's clear they have the songwriting chops, but will that alone be enough to keep them buoyed at the top of the charts? Would hits like *Only Girl In The World* have been as big if they were credited to "Stargate ft. Rihanna", rather than RiRi alone? Plenty of songwriters have made the jump successfully; their frequent collaborator Ne-Yo is one of the most high-profile.

For now, Australian listeners are eating it up.

## NEW SINGLE SPOTLIGHT

### LIGHT MY BODY UP

David Guetta ft. Nicki Minaj & Lil Wayne | WMA

Dance music veteran David Guetta has joined forces with rap royalty Nicki Minaj and Lil Wayne on *Light My Body Up*. Rising through the ranks to achieve a level of stardom that most producers can only dream of, ground-breaking two-time Grammy award-winner Guetta has amassed a staggering 50 million album and single sales, 2 billion streams on Spotify alone, provided the original soundtrack for the UEFA Euro 2016 soccer championship, and played every major music event under the sun.

Nicki Minaj is no stranger to working with David Guetta. The pair previously teamed up on *Hey Mama*, *Turn Me On* and *Where Them Girls At*, all of which were met with enormous success, with *Where Them Girls At* surpassing 120 million streams on Spotify, and *Hey Mama* recently crossing 1 billion views on YouTube.

Hip-hop authority Lil Wayne shot to stardom when in 1991, at the age of 9, he became the youngest member to join Cash Money Records. Fast forward to 2012; with 109 entries in the Billboard Hot 100 chart, Lil Wayne surpassed Elvis Presley's longstanding record to become the male with the most entries in the monumental chart.

## NEW SINGLE SPOTLIGHT

### LOVER

TEDDY CREAM | HUSSLE

To say Teddy Cream are on a roll is a huge understatement. The Melbourne duo recently completed their fourth sold-out UK and Ireland tour, and they just released a [clip on Facebook](#) which clocked up 7 million views, over 200,000 likes and 100,000 shares in 24 hours.

Now Teddy Cream release their brand new single *Lover*, a dance take on Sonia Dada's *Lover (You Don't Treat Me No Good)*, an extremely catchy earworm which has already hit the top 50 on iTunes and is set to bring the feel-good vibes across the radio waves this autumn.

With Teddy Cream's Facebook following swelling to over 200,000 fans and their tracks having had over a massive 13 million plays on their SoundCloud page, 2017 is set to be the year of Teddy Cream.

## OVERVIEW

Thundamentals debut this week – and score their second ever #1 on the Hot 100 Alternative chart – with *Sally*, the latest single lifted from their #2 ARIA Charting album *Everyone We Know*. The Blue Mountains hip hop group were recently announced as part of the lineup for triple j's One Night Stand for 2017 and are currently #1 on both the national network's Spins Chart and Hit List. *Sally* is the sixth single to be lifted from the album, and the first of theirs to crack #1 on the Alt chart since *Something I Said* ft. Thom Crawford in mid-2014.

Another high debut comes in at #2: Amy Shark's *Weekends*, the follow-up to breakthrough track *Adore*. Released to alternative radio and currently the second most played song on triple j, it's hitting commercial radio this week, where it's sure to find an audience eager for more of Shark's swooning style.

### WEEKENDS

Amy Shark

SME

Off the back of Triple J's Hottest 100 countdown with *Adore* coming in at #2, Amy Shark's follow up single *Weekends* has dropped. *Weekends* was produced by Dan Hume (known for his brilliant work with Matt Corby, Daniel Johns & Courtney Barnett). It is a deeply personal song which builds on Amy's signature indie synth style and explores themes of young love in a modern world. 2016's hit single *Adore* (produced by the Grammy Award winning Australian producer M-Phazes) reached #1 on the Australian Shazam chart, #3 on the ARIA singles chart, and has been shortlisted for the Top 20 APRA Song Of The Year.

*Weekends* debuted on Triple J on 17th March, and we expect a long tail of success for this special song by this very talented Australian artist. Perfect for campaigns with a youth/love focus.

## SYNC ALERT

### BROKEN LIGHT

*Solomon Grey*

DECCA/UMA

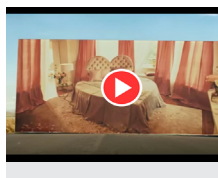

Solomon Grey is a London-based project of musicians, producers and composers Tom Kingston and Joe Wilson.

*Broken Light* taken from debut LP, *SOLOMON GREY*, is filmic, emotive and all-encompassing. The distinctive sonic magic of the duo's signature synths gives the song a complex and soaring cinematic lushness layered in graceful, highly arresting ways. Add Wilson's pure and haunting falsetto and you have an epic track with the stand out elements desirable to upsize visuals that scream for an overtly moody piece and an instant soundtrack with "insert picture here" completeness. Four uptempo J\_Ashworth mixes of the track give even further scope for sync use.

Having scored the soundtrack to the BBC & HBO production of JK Rowling's *The Casual Vacancy*, they are currently working on a new BBC 1 drama series.

Solomon Grey recently signed with the newly launched Mercury KX label, the first post-classical imprint within a major and one that recognises new music at the fringes of classical, alternative and electronica.
