#1 HOT 100

SOMETHING JUST LIKE THIS

The Chainsmokers & Coldplay | SME

While the stalemate at #1 and #2 continues, Zedd earns himself a new career peak with *Stay*, his recent collaboration with Alessia Cara. The move to #3 from #4 sees it officially overtake previous best *Stay The Night* ft. Hayley Williams, which peaked at #3 in late 2013.

Sheeran sees another single from + crack the Top 5 of the TMN Hot 100. The third release from the album, *Galway Girl* takes #4 from #8, cracking the Top 5 just as the last of the two #1s from the album drop from the Top 10.

At #9 is Shawn Mendes' *There's Nothing Holdin' Me Back*, moving up from its debut point of #29. Last issue the track was the #1 Most Added Song To Radio and this chart movement is definitely reflecting a huge amount of support from commercial. This week's Most Added is having just as much success though, with Katy Perry's *Bon Appetit* ft. Migos debuting at #27.

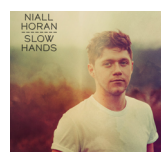

#1 MOST ADDED TO RADIO

BON APPETIT

Katy Perry | EMI

Katy Perry released her second single of 2017 last week with *Bon Appetit* ft. Migos – and it's also her second to take #1 on the Most Added Chart. Outpacing a feature-stacked new DJ Khaled single and Kygo's reliable beats, it was swept up by all key commercial players including the Nova Network, KIIS and both regional and commercial hit stations. It failed to match Chained To The Rhythm's #8 debut however, with *Bon Appetit* entering at #27 on the most recent Hot 100.

DJ Khaled's *I'm The One* ft. Justin Bieber, Quavo, Chance The Rapper and Lil Wayne isn't too far from the top though. The second single to feature his 6-month-old son on the album artwork, it's come across well to commercial, no doubt thanks to the sheer strength of all those features.

#1 NEW SINGLE RELEASE

SLOW HANDS

Niall Horan | EMI

It's a relatively quiet week on the new singles being serviced front. That said, two new singles from 1D members are not something that you can just ignore. *Slow Hands* by Niall Horan is a good deal less restrained than debut single *This Town*, and at this point is almost guaranteed to take next week's Most Added. The other 1D related release is Harry Styles' *Sweet Creature*, an instant grat track taken from his forthcoming debut album.

A new single from Jonas Blue, *Mama*, will also be welcomed with open arms – just in time for Mother's Day.

RADIO WRAP

Atop the breakers chart is the new remix of Luis Fonsi & Daddy Yankee's *Despacito* featuring Justin Bieber. . Now at #1, it's likely just a few playlist rotations away from cracking the Hot 100 and cementing the remix as a Latin-commercial crossover success, exactly what putting Bieber on it was intended to do.

Several months after its initial service, Martin Jensen's *Solo Dance* has seen a huge surge in audience, with the track now at #48 from #87, making it the #1 Heatseeker.

The general consensus within commercial radio seems to be to move back to The Chainsmokers & Coldplay's *Something Just Like This*, with both the Hit Network and KIIS having it as their most spun track that week. Nova is still championing Jax Jones' *You Don't Know Me* while triple j has thrown all its weight behind Royal Blood's *Lights Out*.

“ ONES TO WATCH

Ghost Nation are still topping Spotify Viral charts across the globe, Australia included, with *Turn Off The Lights*. It leads ahead of hopeful crossover hit *Despacito* by Luis Fonsi & Daddy Yankee – the Justin Bieber remix is helping push that track just a little bit further.

DJ Khaled is the real star of this week's Trending & Predictive Charts. With a #1 atop the Shazam Future Hits and Shazam Movers chart and a feature list that reads like the top line of a festival poster, *I'm The One* has definitely made its presence known. Shawn Mendes still has some steam behind *There's Nothing Holdin' Me Back* on both charts, though at this stage, it can't hold a candle to the hype behind *I'm The One*.

MoneyBagg Yo may still be dominating the Pandora Trendsetters chart, but Kash Doll is raking it in with an almost 200% lift in Pandora artist station adds in one week. The Detroit rapper is continuing to see growth due to her recent single *For Everybody*, which is still picking up steam on Pandora with a week-on-week increase in spins of over 75%. But it's not the only track taking off, as previous singles *Run Me My Money* and *Accurate* saw 105% and 65% week-on-week lifts in spins, respectively. Kash Doll also saw a 300% lift in track station adds, a 150% increase in Twitter followers, and a nearly 800% increase in Facebook page Likes.

OVERVIEW

It's a largely quiet week on the Australian and Alternative charts. Dean Lewis remains at #1 on the Hot 100 Australian chart while Meg Mac's *Low Blows* returns to the top of the Alternative chart.

Bliss N Eso's *Moments* has both AIR charts on lockdown, though that success has yet to translate onto the Hot 100 Alternative chart. The last single of theirs to crack the Top 10 of the Alternative chart was *Home Is Where The Heart Is*, way back in 2013. *Moments* has reached as far as #3 on the Australian chart for now.

It seems that the recent servicing of Ali Barter's *Please Stay* has gone down a real treat with triple j, who have the track at #1 on their Hit List and #5 on their Spins Chart.
