# AUSTRALIAN SINGLES REPORT

ALL SIGNS POINTING  
E^ST

# E^ST

Having signed with Warner Music Australia at just 16-years-old, it took a breakthrough break-up track to hit the commercial radio scene. Now E^ST has her sights set on even bigger things. By Elise Ferrari

It's the classic case of working hard for years to become an overnight success. Luckily for Central Coast teenager E^ST, she has time on her side.

After releasing three EPs in the last three years, it was a perfect pop break-up song we didn't know we needed called 'Life Goes On' that has catapulted this rising star to the top of many radio playlists.

The track comes off the back of a guest feature on Alice Ivy's break-out single 'Get Me A Drink', and was written with Ellie Goulding/Fleet Foxes collaborator Jim Elliot while in the UK.

Having recently played two headline shows in Australia, E^ST (real name Mel

Bester) is currently in the US, and took some time out of her busy schedule to chat to TMN about the wave of success she's currently riding.

"I'm over here having some meetings and doing some writing," she said.

"I'm getting real hyped about all this behind the scenes stuff, [and] can't wait for everything to hit the spotlight. But for now I have to be a bit vague..."

Signed to Warner Music Australia since 2014, E^ST credits the label for helping her "bring the vision to life".

"Warner have supported me in so many different ways, it's hard to pin it down to one thing," she adds.

But it's radio where she has been shown the most support of late.

E^ST appeared on the Most Added chart two weeks ago after 'Life Goes On' was playlisted by the Nova network.

The track also achieved it's highest spike in Shazams in Australia after E^ST appeared on Zane Lowe's Beats 1 Worldwide show while he was broadcasting from Sydney ahead of the ARIAs, and he added 'Life Goes On' to an exclusive all-Australian playlist corresponding with the show.

Speaking on both the importance of radio and digital streaming services, E^ST has a good understanding of the

balance between the two.

"Radio is really important! But I guess it also doesn't have to be the be all end all.

"There are so many different ways you can go about sharing your music these days. It's really exciting, because people are discovering music much easier and quicker than they used to, and yeah you just end up reaching so many more people."

As for what to expect from the young artist next year?

"I'm really looking forward to sharing my new songs with everyone. Hopefully I'll have a much larger repertoire available to everyone."

'Life Goes On' has over 3 million Spotify streams worldwide, with the official music video amassing nearly 100K views.

The track is peaking at #49 on the TMN Hot 100 airplay chart.

The track has achieved a total of 38,215 Shazam

'Life Goes On' is peaking inside the Top 10 on the Hot 100 Australian chart.

## #1 HOT 100

### PERFECT

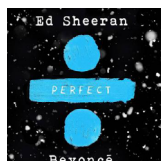

Ed Sheeran | WMA

Ed Sheeran notches his seventh straight week on top of the TMN Hot 100 with 'Perfect'. Falls from Sam Smith, ZAYN and Post Malone allow Selena Gomez & Marshmello's 'Wolves', Rita Ora's 'Anywhere', and Sheppard's 'Coming Home' to move their way up the Top 10.

Country duo Florida Georgia Line sit on the fringes of the Top 10 as feature artists on two entries - Bebe Rexha's 'Meant To Be' (#11) and Hailee Steinfeld's 'Let Me Go' (#13). The former jumped a massive 33 frames this week after scoring Most Added a fortnight ago.

Meanwhile, P!NK's is sinking at commercial as former #1 'What About Us' slides to #26 after falling to #16 the previous week. 'Beautiful Trauma' remains steady at #19 for another week.

A strong debut on the chart this week comes from young Aussie producer Jordie Ireland whose single 'Take Cover' lands at #35. The next highest debut is at #68 as Luis Fonsi's 'Despacito' follow-up 'Echame La Culpa' enters the chart.

## #1 MOST ADDED TO RADIO

### PERFECT DUET

Ed Sheeran & Beyoncé | SME/WMA

Ed Sheeran and Beyoncé have steamrolled the competition at radio this week, leaving strong releases from Sam Smith and Louis Tomlinson in their dust. Not only did the song get added to the most amount of stations this week, it accumulated additions where it mattered most. KIIS and Nova networks playlisted the song, as well as Ash London LIVE and the Hit Regional Network.

Ultimately, Sam Smith and Louis Tomlinson were no match for the duet. Nonetheless, both 'One Last Song' and 'Miss You' courted strong additions from the ACE Radio Network and metro Hit stations. Meanwhile, Clean Bandit's team-up with Julia Michaels on 'I Miss You' recorded a decent week of additions but missed out on some attention from crucial networks.

A special shout-out goes to Aussie country act Busby Marou. Although not featuring in the Top 5, the duo's new track 'Got Your Back' was added on high rotation across the entire Hit Regional Network and comes in just outside the Top 10.

## RADIO WRAP

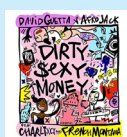

On his eleventh week in the Hot 100, Macklemore is seeing some love from KIIS and Hit with 'Good Old Days' ft. Kesha topping both spins charts. 'Cola' by DJ duo CamelPhat & Elderbrook is being propelled forward by Nova as the track sneaks into the Top 5 this week.

As they so often do, Triple M is favouring U2's latest cut 'American Soul', which beats out both The Killers' 'The Man' and current contemporary rock chart-topper Polish Club.

While Ed Sheeran's 'Perfect' has been sitting at the top of the Hot 100 for seven weeks in a row, it's no surprise that the 'Perfect Duet' ft. Beyoncé has reached #1 on the Shazam Future Hits & Shazam Movers charts. The track has already been streamed on Spotify over 24 million times and has more than 35 million views on YouTube.

Big Black Delta have held onto #1 on the Spotify Viral chart for another week with their latest cut 'Huggin' & Kissin' which has reached 2.2 million Spotify streams.

## NEW SINGLE SPOTLIGHT

### CRAZY

Lost Frequencies & Zonderling | ASTRX

Well known across Australian airwaves for his #1 ARIA and airplay single 'Are You With Me', Belgian DJ/producer Lost Frequencies returns with his brand new single 'Crazy', a collaboration with Dutch duo Zonderling.

Radiating a feeling of bygone days while still remaining upbeat and feel-good, 'Crazy' is the next infectious single from the hand of Lost Frequencies and the very first release on his brand-new Found Frequencies imprint. The track has already hit the Spotify Viral chart in 22 countries plus the Global Viral chart.

Lost Frequencies' rise to fame has been nothing short of astronomical. His first two singles, 'Are You With Me' and 'Reality', earned the Belgian super talent Gold, Platinum and double-Platinum in a few dozen countries and had him hit #1 in some of the world's most acclaimed charts, including the UK Singles Chart and ARIA Singles chart.

## SINGLE SPOTLIGHT

### THE DASH

Lane Harry & Ike Campbell | IND

"The Dash' captures the energy of the night we made the song. Just a bunch of creative dudes having a crazy time making music in the middle of nowhere. The energy on the song is exactly the energy that was bouncing around the walls of the lakeside home studio we were in. 'The Dash' to us is more than a track, it's a sonic experience set to make the listener feel like they're watching a dope Kung-Fu movie with their eyes closed."
